- Forward faxes to email
- Address book management
- Quick first print
- ID card copy
- One-touch workflows (Application Library)

Note: Functionality varies by product.

SUPPLIES AND SERVICE

A responsible way to work.

WHY RISK IT?

Canon GENUINE® consumables are:

- Evaluated and tested under extreme conditions
- Constantly redesigned and improved
- Manufactured worldwide, solely by Canon Inc. and its corporate affiliates

USE CANON GENUINE SUPPLIES

GENUINE Parts and Supplies provide:

- Longer life for your Canon equipment
- High yields
- Superior performance
- Highest-quality output
- Minimal jamming or malfunctioning of equipment

UNCOMPROMISING DEDICATION

- Product reliability, service, and support
- 100% of call center staff is U.S.-based
- Committed to quick and easy resolution of all support issues
- Industry-leading response times and quality support
- Break/fix coverage to minimize unexpected downtime
- Prompt and convenient service options—advanced exchange, carry-in, on-site dispatch
- Extended service plans (eCarePAK) available for purchase

LEASING AND COST MANAGEMENT

Financing through Canon Financial Services (CFS) offers many benefits.

- Save your working capital—no large outlay of cash, so you can use your money for other business opportunities.
- Make budgeting simple—you'll have fixed monthly payments for a lease term that works for you, from 12 to 60 months.
- Keep your business technology current—upgrade your equipment at regular intervals.

Choose a financing option and contact us to discuss the ways financing can support your business needs.

Fair Market Value Option

If you want the most up-to-date equipment, with the option to upgrade down the line, a Fair Market Value lease is the right choice for you.

You can easily add, upgrade, or acquire new equipment at any time. At the end of the lease, you can also choose to purchase or return the equipment.

\$1.00 Purchase Option

If you want to own your equipment but would like to avoid a large cash purchase, select the \$1.00 Purchase Option.

You can make monthly payments while keeping more cash on hand for other expenses. After all the lease payments are made, you own the equipment.

Do you lack visibility over your printing costs? Experience too much printer downtime?
Need a solution for just-in-time supply delivery?

Whether you're in business management, IT, finance, procurement, or all of the above, odds are you're looking to control and reduce costs, reduce time managing a printer fleet, and drive greater value from your printer assets. Enter Canon and its Premier Partner network. Canon can help you outsource this responsibility, so you can focus on what drives your business—all while providing greater insight and management to achieve better outcomes from your printer fleet.

Ask how a Canon Managed Print Services engagement can assess your current environment and offer you solutions to help save money.
