Large-capacity ink tanks

Reduce Frequent Ink Refilling

The large-capacity ink tanks reduce the chore of ink refilling. Furthermore, remaining ink levels can be checked at a glance to avoid unexpected ink outage.

You can always have ease of mind without worrying about sudden printer stoppages.

Less Downtime

Large-capacity rear tray and cassette

Reduces Frequent Paper Loading

The rear tray and cassette increase paper loading capacity and eliminate the need for frequent paper refilling. This allows for continuous printing at large volume without loss of time. Also, the remaining paper level can be checked from a window on the cassette.

Refilling Ink in Multiple Printers

GX7020 series and GX6020 series are compatible with the same bottles so there is no need to prepare different spare bottles for each model.

In cases where multiple printers of these models are used, you can share the bottles among them, which streamlines bottle purchasing and inventory management.
